DETAILED ACTION

Applicants' response, which included amendment to claims 1-6, filed on 3/22/2004, is made of record.

In view of applicants' response, all 112 rejections and claim objection made in the previous office action have been obviated. However, the following new rejection applies.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 5 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Recitation of " wherein the agrohorticultural composition is an insecticide" in the amended claim 5 , is indefinite as it is not clear what is intended. Note the claim is composition claim and hence it is not clear whether the composition is insecticidal composition or the active ingredient is an insecticide. Note also if it is an insecticidal composition, then it does not agree with the term "agrohorticultural composition". An appropriate correction is needed.

Allowable Subject Matter

Claims 1-4 and 6 would be allowable, barring finding of any prior art in a subsequent search. Said claims would be allowed since specific species, process of

Art Unit: 1624

making and composition embraced in these claims are not taught or suggested by the art of record or from a search in the relevant art area.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
